

Develop A Python Script

Title	Smart waste managment for meteropolitan cities
Team id	PNT2022TMID34106

Step 1:

Open python idle

Step2:

Type the program

Step 3:

Then click on file and save the document

Step 4:

Then click on Run then Run Module

Step 5:

output will be appeared in the idle window

Python script:

```
import requests
```

```
import json
```

```
import ibmiotf.application
```

```
import ibmiotf.device
```

```
import time
```

```
import random
```

```
